A Message from our Principal and Assistant Principals

As we begin the second half of this academic year, it's important to celebrate our achievements, reflect on our progress, and make goals for the remainder of the 2021-2022 school year. At Argosy Collegiate, we are focused on our goal of academic achievement and excellence and we know that success is a team effort!

We are excited to offer after-school tutoring opportunities to Middle School scholars, similar to the High School tutoring program. Scholars are encouraged to stay after school on Tuesdays and Thursdays for support with current assignments, homework, and missing work. This is especially important because there will be limited eligibility for summer programming this year. Scholars should use the assistance provided during the school year to earn course credit, achieve a strong GPA, and stay on track for high school graduation and grade level matriculation.

- **Middle School: After-School Tutoring: 3:30pm-4:30pm.**
 - For more information, contact Mr. Balasco, the Middle School Assistant Principal:

cbalasco@argosycollegiate.org

- **High School: After-School Tutoring: 3:00pm-4:15pm.**
 - For more information, contact Mrs. Lima, the High School Assistant Principal klima@argosycollegiate.org

Additionally, our advisory model is in place to ensure all families have a consistent point of contact with our school. For any questions regarding your scholar's classes, please reach out to your scholar's homeroom teacher, who also is their advisor.

Please use the SchoolBrains community portal to check your scholar's grades and assignments for each course at any time!

If you need assistance, please email info@argosycollegiate.org.

We are committed to seeing our scholars succeed and are excited to see their achievements and growth this semester!
